IN MOURNING.

The White City Draped for the Dead Firemen.

The Flags of All Nations on the Buildings at Half Mast.

Eight of the Unidentified White City Fire Victims Buried—Two Hundred Laborers and Women on the Ruins of the Buildings.

World's Fair Grounds, July 15.—A spectacle which no man ever dreamed of seeing in the White city presented itself to the visitors Friday morning when they passed through the gates. The exposition was in mourning for the victims of the great storage calamity. From every flag pole on all the buildings from the Iowa building on the north extremity of the park to the forestry building on the lake shore south from the eastern side of the main structures building to the Cottage Grove avenue gates of the midway landscape, flag and drooped the flags of all nations. All were lowered to half mast in silent memory of the heroic firemen and others who suffered and died at the city.

The burial of all that remains of the eight unidentified firemen Friday was made the occasion of the exposition's tribute to their memory by the lowering of the flags.

Nearly 900 laborers and teamsters were at work on the five ruins Friday morning removing the decaying stumps, the charred timbers and masses of slumping which obstruct the men in their search for more bodies which may be lying under the debris.

A repelling odor comes continually from underneath a pile of wreckage, and as most of the decaying stuff lies in another direction it is feared that other bodies will be unearthed. The customs inspectors kept a watchful eye on all the bonded wines, ales and liquors which were brought in. Most of it is unbroken and the salvage will considerably reduce the loss to the owners and exhibitors.

When daylight came an inspection of the big buildings, the roofs and exhibits was made to see what damage had been done by the electrical storm, which raged all through the night. The roofs without the torrent of rain better than was expected, only a few minor leaks being found. The damage to exhibits was light. A telephone instrument was burned out in the administration building and a statue on chimney hill was struck by lightning, falling to the ground, but no one was injured.

BANKER'S LIFE

Taken by a flood in the two-hand-Hill Health and Insurance Co.

MEADVILLE, Pa., July 15.—Sturges T. Dick, cashier, and son of the founder of the banking house of J. R. Dick & Co., committed suicide in his bedroom at 6:30 o'clock Friday morning. His wife was in an adjoining room and heard the shot. The husband was dead before she could reach him. Mr. Dick was 50 years of age.

Although he has been ill for some time, he has regularly attended to business. There has been a bank failure during the past few days. It is thought that this trouble, together with the condition of his health, was the cause of the self-murder. The bank was closed Friday on account of the tragedy. It is not thought the firm is in any serious financial trouble.

World's Fair Grounds, Chicago, July 15.—Miss Marcelle Berg, the female trainer at Hagenback's circus, was fired at by a half-wild tiger. FALL OF THE BASTILLE.

The French People Celebrate the One Hundred and Fourth Anniversary.

Paris, July 15.—Friday the 15th anniversary of the fall of the Bastille. The anniversary of this event in French history is usually celebrated with much rejoicing, the people generally observing the day as one of merriment. Friday, however, the fete in Paris was marked with solemnity and the celebrations were conspicuous through their absence. This is due entirely to the feeling engendered by the recent events. The municipal council, upon which heretofore much of the expense of the celebrations has fallen, have taken no part in the observance of the anniversary this year.

The anarchists, with the usual pernicious activity that characterizes them, took advantage of the day to post incendiary placards on dead walls and other places about the city. The police are busy in searching out and destroying these flaming red posters. A number of open air balls were held Thursday night, but there were no reports of disorder. The anarchists have made many threats of what they intended to do Friday, going so far as to say that they would destroy the city with fire. The authorities are prepared for whatever overt acts they may attempt. The five brigades and two regiments of troops were held in readiness to fight fire or the anarchists themselves, and it is the general opinion that the anarchists will confine themselves to threats and bluster.

President Carnot, who had been away from Paris on account of his health, has returned to the city. It is customary on the anniversary of the fall of the Bastille for the president to extend clemency to certain prisoners. In accordance with this custom, President Carnot Friday pardoned three hundred and nineteen convicts.

Great Britain Will Win.

Asked as to the general impression in Paris when he left as to the decision of the tribunal, Prof. Macoun said: "The general impression is that Great Britain will win the case. The first part of the American side on the question of right would have been decided against them had the hearing taken place in an ordinary law court without the British side being called upon to reply."

Largest Dispensary Closed.

COLUMBIA, S. C., July 15.—The largest dispensary in the state, that of Greenville, was closed up under a temporary injunction granted by Judge Norton. The suit against the dispensary is brought by citizens of Greenville on several grounds, but principally because of alleged unconstitutionality of the law. The case is to be heard Monday and if this another defeat for dispensary law like the one sustained in the case before Judge Hudson, similar suits will soon follow all over the state.

The body of a woman was found in the Kanawha river at Pooters, a few miles below Charleston, W. Va.
